PROFESSIONAL SUMMARY

Results-driven Software Engineer and SAP Administrator with 4+ years of experience in Oracle database development, ERP implementation, and enterprise application support. Oracle-certified in SQL, PL/SQL, APEX, and MySQL, with deep expertise in full SDLC processes, performance tuning, and complex database management. Currently administering SAP ECC/S4 systems at Bangladesh Honda Pvt. Ltd., managing user roles, master data, and DTW-based data migration. Adept at bridging database engineering with full-stack web development using React.js, Node.js, and TypeScript.

CORE COMPETENCIES

Database Platforms: Oracle Database 11g/12c/19c, PostgreSQL, MySQL 8.0, MongoDB, Firebase

Oracle Technologies: Oracle SQL, PL/SQL, Oracle APEX, Oracle WebLogic Server, SQL Developer, Toad

SAP Technologies: SAP ECC, SAP S/4HANA, User & Role Management, Master Data (MM/SD/FI), DTW Migration

Programming: SQL, PL/SQL, JavaScript, TypeScript, Python, R

Web Development: React.js, Node.js, Express.js, Next.js, Redux, Prisma ORM, Mongoose, GraphQL, Docker, AWS

DB Administration: Performance Tuning, Query Optimization, Indexing, Backup & Recovery, Security

Tools & Practices: Git, VS Code, Toad, PL/SQL Developer, RESTful APIs, SDLC, SIT, UAT

WORK EXPERIENCE

SAP Administrator | Bangladesh Honda Pvt. Ltd.

2025 – 2026

- Administer SAP ECC/S4HANA systems with full operational support for enterprise-wide business processes
- Manage user accounts, roles, and authorization objects ensuring security compliance and audit readiness
- Oversee master data management across MM (Materials Management), SD (Sales & Distribution), and FI (Finance) modules
- Execute DTW-based data migration projects and perform ongoing system health monitoring and troubleshooting

Software Engineer | JMI Group

2021 – 2025

- Led ERP implementation and support activities across full SDLC lifecycle including SIT and UAT phases for 5+ sister concerns including JMI Syringes, NIPRO JMI Pharma, JMI Industrial Gas Ltd., and Bangladesh Eye Hospital
- Developed and maintained complex Oracle PL/SQL stored procedures, functions, packages, and triggers for enterprise business logic
- Achieved measurable query performance gains through bulk collect operations, strategic indexing, and optimized SQL execution plans
- Built Oracle APEX web applications and RESTful API integrations to support digital transformation initiatives across JMI Group entities
- Utilized Dynamic SQL, Ref Cursors, and PL/SQL Collections to develop flexible, high-performance data processing solutions

TECHNICAL PROJECTS

Library Management System (APEX Version)

Enterprise-grade library management solution built with Oracle APEX and Oracle Database, featuring book cataloguing, member management, lending workflows, and comprehensive reporting dashboards.

Technologies: Oracle APEX, Oracle Database, PL/SQL, SQL

Link: <https://oracleapex.com/ords/f?p=277783:9999:2424570754907::LOGOUT:NO>

Library Management System (Web Version)

Full-stack web version of the library system with modern UI and RESTful API backend, providing cross-platform accessibility with real-time data synchronisation.

Technologies: React.js, Node.js, TypeScript, Oracle Database, PostgreSQL Database, Prisma, Tailwind CSS, HTML

CERTIFICATIONS

Oracle Database SQL Certified Associate (OCA) — Oracle University	2019
Oracle Database PL/SQL Developer Certified Professional (OCP) — Oracle University	2019
Oracle APEX Cloud Developer Certified Professional (OCP) — Oracle University	2024
MySQL Implementation Certified Associate — Oracle University	2024
Oracle Certified Professional, MySQL 8.0 Database Administrator — Oracle University	2024
MySQL 8.0 Database Developer Oracle Certified Professional — Oracle University	2024

EDUCATION

Diploma in Database Design & Development — IsDB-BISEW	2021
M.Sc in Statistics — Jagannath University	2017
B.Sc in Statistics — Jagannath University	2016
HSC in Science — Adamjee Cantonment College	2010

TRAINING & PROFESSIONAL DEVELOPMENT

IsDB-BISEW IT Scholarship Program — Oracle Database 12c, PL/SQL, Web Application Development	1 Year
PeopleNTech IT Scholarship — Database Design & Development (MySQL)	3 Months
Applied Data Science Professional Certificate — Data Science & Statistical Analysis	12 Months
